FIRE-STRICKEN!

A DISASTROUS VISITATION

Fifteen Business Establishments at Flemingsburg Wiped Out Early This Morning

The Total Losses Aggregate Nearly \$60,000, With Insurance of About Half

The lovely little inland city of Flemingsburg was visited this morning by one of the most disastrous fires that has ever occurred in that section.

Fifteen of its most important business establishments in Main street, including its two weekly newspapers, The Gazette and The Times-Democrat, were nearly wiped out, the total loss aggregating \$59,700.

The flames were discovered about 1:30 o'clock, the exact location of their origin not yet having been determined.

They are thought to have started either in the carriage works of Mr. C. L. Dudley or in The Democrat office. The buildings adjoin one another, and as the fire had gained considerable headway before being discovered the origin remains only a matter of speculation at present. The alarm given, a general move was made

September is the best month in which to buy a farm. John Duley will be glad to show you a good list.

Next Monday, September 4th, is Free Forrago. The Ohio friends will be over in great crowds. Give them a welcome and some bargains.

If that handsome and life-like "phis" doesn't cause Doc Wallace to wear the Chief of Police's badge next year there's no further use for good looks.

Mr. Everett Brightman has rented five acres at Washington, formed a partnership with Mr. E. L. Manchester, and they propose to carpet the tract with geese.

The remains of Mrs. Frank Wilson will arrive at Aberdeen tomorrow, and the funeral will take place Sunday from the old home place. Interment in Charter Oak Cemetery.

Wednesday night Ringgold Lodge No. 27, I. O. O. F., elected the following Representatives to the Grand Lodge, which meets at Shelbyville this month: George Schwartz, James Childs and M. E. Jackson.

John Duley has sold a lot in the Maysville Real Estate subdivision just East of P. M. McCarty's residence, to R. M. Wallingford for \$350. The purchaser will at once erect a one-story frame cottage, to be occupied by Mr. Lee Bramel as a family residence.

If the gentleman who drove the pegs for a new pavement East of Limestone Bridge to Bank street, will say when he expects to complete the job he will relieve a suffering public. As it is they are a menace to life and limb. The other day a lady stubbed her toe against one of the pegs and barely escaped receiving a fall.

to get the flames under control, but delay in getting the fire engine to work properly gave ample opportunity for the fire to reach surrounding buildings, until at last facilities were unable to cope with the terrible holocaust.

One after another the best business houses were consumed, until fifteen buildings in Main street had succumbed to the fiery demon.

For the time being the residents of the devoted little city, are appalled by their dreadful loss, but they have the assurance that Maysville, as well as all the surrounding towns and cities, stands ready to aid in any way possible.

Dr. Edwin Matthews and Mr. J. Harbour Russell left this morning and are in Flemingsburg doing what they can.

The losses, together with the amounts of insurance, so far as can be learned at this writing, are as follows—

THE successes of Japan in war, both on land and sea, cannot be dimmed by the apparent success of Russia in diplomacy.

THE Russians may be "experts" in diplomatic trickery; but when it comes to an open field and a fair fight, Japan has them beat to a full stop.

THE order has gone out to oil the floors in the Public School Buildings. This is done for sanitary reasons. If the lady teachers "kick," they should shorten their skirts.

THAT President Roosevelt stands today the central and successful figure in terminating the Russo-Japanese War,—one of the fiercest and bloodiest in history,—perhaps those who declared him an unsafe man, who was sure to involve this country in war with foreign Powers, will be gracious enough to accord him the credit which is so justly his due.

"ANOTHER "sure cure" for consumption, made of vegetable given with dieting and sanitary treatment, is announced as having been discovered by Dr. JOHN F. RUSSELL, Chief Physician on the staff of the New York Post-graduate Hospital. The new cure has cured, and 11 "sure death" cases of the disease have recovered completely after treatment for a few weeks. Dr. RUSSELL is not entirely satisfied of the success of his treatment, and will wait a year to observe the "cures" before announcing his discovery.

GENERAL GRANT's greatest fame rests on his generous treatment of a fallen foe. Japan has but emulated his noble example.

THE price of meat in Germany will soon be so high that it will take two Turkish rugs to buy a beefsteak, while a roast will be worth a pound of radium. The advance is due to regulations shutting out Russian and American products.

It may not have been his "constitutional" duty to put an end to the anthracite coal strike; but President ROOSEVELT did it in the interest of suffering humanity. Nor was it his "constitutional" duty to interpose in the war between Russia and Japan; but President ROOSEVELT brought about Peace in the same interest. I have no use for quibblers about the Constitution when high motives influence action. Mr. ROOSEVELT is a man who does things, and does them well, and who dares to do things that others deem impossible. That's the sort of man the American people admire.

THESE are The Times-Star's views of the peace treaty between Russia and Japan—

"Japan's greatest victory was not achieved upon the blood-red fields of Manchuria, nor upon the wreck-strewn seas of the Far East, but in the quiet of the council chamber. She conquered herself, she triumphed over the inborn lust to demand her pound of flesh—and in so doing won for herself a position in civilization that neither armies or navies could have secured for her.

"The miracle that alone could have saved the Portsmouth conference came to pass. We know of no European Nation, with all their vaunted civilization, that, placed in the role of triumphant Japan, would have acted so magnanimously, or so nearly lived up to the high ideals which they preach. One pauses at the thought of what arrogant and autocratic Russia would have done had she occupied Japan's place; had she rolled back to the seas the armies of her enemy; had she sunk beneath the angry waves the fleets of the Island Kingdom; had she, as KUROPAKIN vainly gloriously announced, signed the treaty of peace at Tokio. Certain it is there would have been no such magnanimity—only the mailed hand of the rest of the world could have restrained her from making the Japanese people a part of the Russian Empire.

"When the question of peace or war became solely one of dollars, Japan arose to the occasion—she removed the money question—and peace was declared.

"Japan established herself as a great power by war; she has exalted herself as a great people by peace."

Fall Spices

Good spices are desirable at any time; they are necessary now, for the results of your care and labor during the canning and pickling season may depend upon them. We buy spices as carefully as the most delicate drugs, and we have results to show for our caution.

Grocers and other dealers have no means of knowing whether or not their spices are pure. We have.

Our Spices go farther and give better results and hence would be cheaper if our prices were higher, which they are not.

The BEST Bread!

Can only be made out of the Best Flour. No meal is fit to sit down to without it. I am prepared to furnish my trade the season through the very best flour that can be manufactured. It is PERFECT. I have sold it continuously for sixteen years and have never made a change. My competitors are changing every year, which is proof that they are not satisfied with the flour they sell. The manufacturer of this flour writes me under date of August 3d as follows: "If you were pleased with Perfection last year, you will be more than satisfied with it now. We thought we had good wheat last season, but our wheat this season is the finest we have had for years." For a limited time I am going to sell this FINE FLOUR at the extremely low price of

\$5.00 Per Barrel Spot Cash.

At this price you should buy a supply for the season. In fine Hams and Breakfast Bacon I have no competition. TEACHERS' INSTITUTE

Yesterday's Sessions at the Court-house Well Attended—
Day's Doings

MORNING SESSION.

The opening exercises of the Mason County Teachers' Institute at the Courthouse yesterday morning were conducted by the Rev. R. E. Moss, who read Proverbs, fourth and eighth chapters, and led in prayer.

In answer to a request by Superintendent Wells, Prof. Shipp again took up "Reading," and about an hour was very profitably spent on this subject.

Incidentally the School Library was touched upon, its importance emphasized, and some easy and practical ways of obtaining a Library for even the rural schools, suggested.

After the usual recess "Nature Studies" was presented by Miss Dye, who, in the course of her talk, called attention to the especial privileges of the teachers of this locality on account of the ease with which a great variety of trees, birds, animals and plants may be studied at "first hands."

"Physiology" was next handled by Prof. Shipp in a masterly way, putting special stress on "Hygiene." He paid his respects to the cigarette in a way not at all unlike the Editor of THE LEDGER frequently does.

He touched on the evil of the use of patent medicines, winding up with an earnest plea to avoid as far as possible for teachers and their pupils everything that might tend toward colds.

Adjournment for dinner.
Prof. E. L. Gillis, Mrs. E. L. Gillis, Minerva; Celia Applegate, Mayville; Isabel Henry, Wedonia; Martha Jefferson, Shannon, and Mrs. Oscar Pollitt, Orangeburg, were enrolled.

AFTERNOON SESSION.

After a song Prof. Shipp gave a thirty minutes talk on "History," growing very enthusiastic in the course of his helpful words on the subject.

Miss Dye, after noting her pleasure in the Institute on account of the element of co-operation, especially expressed her gratitude that there were present last afternoon Rev. J. C. Molloy, Rev. R. E. Moss, Rev. G. H. Harris and Rev. C. F. Evans, who responded to an invitation to assist her in the work of the session, "Tap-root Stories from the Bible."

After she introduced the subject Dr. Molloy told the story of Moses in a way worthy the hearing of any assemblage.

Dr. Evans next told the story of the woman who washed the feet of Jesus with her tears and wiped them with the hairs of her head, in his own eloquent way.

Rev. Harris, in a few choice words, expressed his thought and feeling in regard to the use of Bible stories in the Public Schools.

Rev. Moss discussed the characteristic differences between the fable and the parable, concluding by reading each a fable and a parable from the Bible to illustrate his talk.

Miss Dye told the story of the Prodigal Son. Prof. Shipp related some of the things along this line that were being done in the Winchester schools, concluding a most interesting afternoon's program.

I. O. U. ARNOLD

Still Working His Game of Bluff on
the People

A letter dated and mailed from Wheeling, W. Va., is said to have been received here this week by a bosom friend of I. O. U. Arnold, in which he states that he has instructed his solicitor in Cincinnati to immediately bring suit against the city papers which have so scandalously maligned his good name.

That I. O. U. is a high-class joker and a smooth individual, there are trustful souls in this city who confided in his integrity to the extent of from \$3,222.58 to \$40, who stand ready to make Bible oath to that fact.

Come and visit the city soon, I. O. U. there are those here who are really pining for your presence.

SLIGHTLY INJURED

But It's a Miracle How He Escaped
Instant Death

The other night a passenger on an incoming L. and N. train arose from his seat in the rear coach and deliberately stepped out the door and into space as well.

The train was traveling at a rapid gait and when Captain Dunn was informed of the occurrence he stopped the cars in their flight and started on the back track, expecting to pick up a mangled body. To his great surprise he met the fellow trudging along heading for the city, and none the worse for his fall, only a good jolt, which thoroughly awoke him from his somnambulist state.

He was under the impression that he was stepping from one coach to another and was not aware of his mistake until he struck the ground.

The will of Mrs. Samuel Colt, widow of the inventor of the Colt firearm, was probated, leaving an estate of \$3,000,000. A large portion is left for religious and public purposes.

War has been resumed between the cattlemen and sheep raisers in Wyoming, 8,000 sheep being slaughtered during a raid by cattlemen in the Big Horn basin. The raiders captured the herders, killed their horses and drove the sheep over a precipice. The herders were warned that they would be killed if they revealed the identity of any of the raiders.

Charles Odom, piano player, was burned to death and his wife, May Odom, concert hall singer, was seriously injured, and Mrs. Catherine Pittner severely burned during a fire Thursday morning that destroyed "The Abbey," a resort on Spring Grove avenue, famous for years as one of the dubious places that fringed the outskirts of Cincinnati. Odom saved the life of his wife by throwing her from a second-story window, but doing so caused the injuries that may eventually prove mortal.

PAINFUL PERIODS

AMERICAN WOMEN FIND RELIEF

The Case of Miss Irene Crosby Is One of Thousands of Cures Made by Lydia E. Pinkham's Vegetable Compound.

How many women realize that menstruation is the balance wheel of a woman's life, and while no woman is entirely free from periodical suffering, it is not the plan of nature that women should suffer so severely.

Miss Irene Crosby

Thousands of American women, however, have found relief from all monthly suffering by taking Lydia E. Pinkham's Vegetable Compound, as it is the most thorough female regulator known to medical science. It cures the condition which causes so much discomfort and robs menstruation of its terrors.

Miss Irene Crosby, of 313 Charlton Street East Savannah, Ga., writes: "Lydia E. Pinkham's Vegetable Compound is a true friend to woman. It has been of great benefit to me, curing me of irregular and painful menstruation when everything else had failed, and I gladly recommend it to other suffering women."

Women who are troubled with painful or irregular menstruation, backache, bloating (or flatulence), leucorrhoea, falling, inflammation or ulceration of the uterus, ovarian troubles, that "bearing-down" feeling, dizziness, faintness, indigestion, nervous prostration or the blues, should take immediate action to ward off the serious consequences, and be restored to perfect health and strength by taking Lydia E. Pinkham's Vegetable Compound, and then write to Mrs. Pinkham, Lynn, Mass., for further free advice. Thousands have been cured by so doing.

THE BARLOW MINSTRELS.

The Commercial Tribune, August 28th, says: "Chester has a splendid attraction this week in the great Barlow Minstrels. This organization has been coming to the Park at about this time of the year, for several seasons. Never before has this show been as good as at the present time. There is not a dull moment in the whole performance and the first part is especially good. The singers are all possessed of fine voices and the ballads are all new and of good quality. The comedians are funny without resorting to vulgarity and the ensemble work is a feature of the performance. Ernie Van, Billy Burke and Dolph Mayer, the principal endmen, were especially good, while the vocal honors must be awarded to John H. Bilsberry, Joe McAmalon, Lew Davenport, Arthur Sampson and Dave Irwin. It was as good a first part as can be seen in any minstrel show touring the country."

The Barlow Minstrels are the opening attraction at the Washington, Tuesday September 5th. Seats on sale Saturday at Ray's.
